To The Secretary to the Government of Madras,

Sir,

Submitted.

2. The Budget Estimate for 24- 25 of the Elementary Education fund under the control of the Taluk Board transmitted with the Presidents letter R.O.C.No.317/23 dated 11- 11- 23 was returned for revision and the budget now submitted is one revised ~~budget~~ according to my suggestions.

3. The credit now allowed to be taken in the Budget Estimate for 24-25 for a Provincial contribution of Rs.31260 under the proviso to Section 37 may be allowed to stand, subject to subsequent adjustment with reference to the savings, if any,

out of the recurring subsidies paid in 23- 24

4. The revised budget would close with a balance of Rs.851 at the end of the year 24- 25

5. The provision of Rs.480 made in the Budget Estimate for 24-25 under 'clerks and servants' would appear to be susceptible of reduction, as compared with the actuals of 22- 23 and the Revised Estimate for 23- 24.

~~Through~~

The President,
District Educational Council,
South Kanara.

Sir,

I have the honour to submit herewith the --- budget estimate of the Elementary Education Fund of this Taluk Board for the year 1924-25 together with the revised budget of the current year, with the following remarks:-

Revised budget for 1923-24

Credits.

Though a sum of Rs 12,769 was actually ----

realised by the levy of the Education Tax in the year ---- 1922-23, Rs 3188 was refunded in the course of the current year as required by the District Collector and so the balance of Rs 9380 has been credited as the contribution from Government under section 37 of the Elementary Education Act

2. The contribution under proviso to section 37 o the Act has been reduced by Rs 610 which represents the actual balance of recurring subsidies received from --- Government last year.

Debits

3. Provision has been made for payment of capitation allowance to teachers as they are now paid only --- allowance at the uniform rate of Rs 4 each per mensem, in lieu of special allowance at 50 % of their salary for --- which provision was made in the original budget.

Closing balance

4. The credits in all amount to Rs 53,800 while the total debits come to Rs 47,150. The closing balance would come to Rs 6650. But deducting the deficit of Rs 4140 in the last year's budget as is shown in G. O. No. 789 dated the 1st June last the net closing balance will come to Rs 251(

Budget estimate for 1924-25.

I. Credits.

5. All the usual receipts have been credited but as regards the item of school fees, the figure has been enhanced a little in view of the opening of some more schools during the year and collecting fees from them. The contribution from the Board's revenue is fixed at Rs 6080 as advised in G. O. No. 759 Law (Education) dated 1-6-25.

Debits

6. A special allowance at the rate of 50% of the salaries of teachers is provided for in the budget. One new school has already been opened and two more are being opened in the course of the current year. In addition to

these the opening of seven more new schools is provided in the budget. Two more posts of peons for the new -- Higher Elementary schools at Beltangady and Sullia have been provided under the item " Clerks and servants". As special allowance at a higher rate is proposed to be paid to the teachers, no provision has been made for capitation allowance. Five teachers are proposed to be sent up for training and the amount has been allotted for the purpose. The provision of Rs 650 made for "stipends to teachers sent for training" includes a sum of Rs 200 meant for intriducing vocational training in some of the important schools.

Closing balance

7. The total receipts amount to Rs 51460 while the expenditure rises to Rs 57,750. Adding to the receipts the opening balance of Rs 2510 the total credits amount to 53,970 which falls far below the debits. Thus budget closes with a minus balance of Rs 3780. This deficit cannot be helped for. The poor resources of the Board do not permit to contribute anything more towards the --- Elementary Education than Rs 6080 which is comparatively high in view of the financial condition of the Board.

I have, therefore, the nonour to request that the Government may be pleased to grant a subsidy sufficient to wipe off the deficit and leave a closing balance in the budget. If the Government is not pleased to do so there will be no other course left to the Board than to be content with the existing number of schools and --- refrain from opening new ones.

I have the nonour to be,

Sir,

Your most obedient servant,

K. Chandrasekhara

President
